# Training & Placement Brochure 2022-2023

A world class center for Engineering Education

- AICTE approved
- Affiliated to: APJAKTU
  (Kerala Technological University)
- ISO 9001:2015 Certified
- NBA Accredited Programs

Vidya Academy of Science and Technology
(A unit of Vidya International Charitable Trust)
Thalakkottukara PO, Thrissur, Kerala, India

Vidya Academy of Science and Technology is a state-of-the art engineering college conforming to international standards.

It is an AICTE approved institute, affiliated to APJ Abdul Kalam Technological University, Kerala.

It has evolved and achieved recognition as a notable school of engineering with its competent and committed faculty, high quality infrastructure and high technology teaching aids, and provides a serene atmosphere that complements academic life.
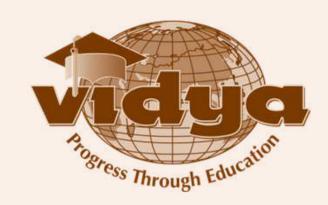

Vidya has a holistic approach to education where academic training goes hand in hand with offerings that develop the body, mind, and soul to prepare its graduates to be future leaders.

Vision :
Progress through Education...

Mission :
To seek, strive for and scale greater heights of quality education...

Vidya Academy of Science and Technology is a premier engineering college located at Thrissur, the cultural capital of Kerala. Founded by Vidya International Charitable Trust (VICT), this is an institute of repute both in the academic and co-curricular activities. We are an AICTE approved institute affiliated to APJ Abdul Kalam Technological University.
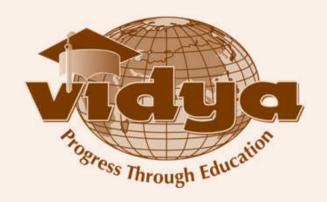

I am glad that the Training and Placement Department (T&P) is publishing this brochure so as to inform and update the stakeholders about our academic offerings and the various academia-industry initiatives. T&P department plays a vital role in grooming and molding the students to be industry ready. The training programs are well designed to sharpen and improve both soft and technical skills of the students. Each year several students are getting placed with the leading national and multinational companies.

We welcome all prospective recruiters to Vidya campus for a mutually beneficial association.

Dr. Saji CB, Principal

Courses offered at Vidya

B. Tech Programme (4 year):

Artificial Intelligence & Machine Learning - 60
Civil Engineering - 90
Compute Science Engineering - 120
Electronics & Communication Engineering - 120
Electrical & Electronics Engineering - 60
Mechanical Engineering - 90

Post Graduate Programme:

M. Tech (2 year)
Structural Engineering - 24
Embedded Systems - 18

MCA (2 year)
Master of Computer Applications - 60

Zonal Lead Partner
with AI & Deep Learning Project funded by
Royal Academy of Engineering, UK.

Institutional memberships:

- Institution of Engineers India

- Nano Science & Technology Consortium

- Computer Society of India

- IEEE

- Indian Society for Technical Education

- TCS accredited campus

- Infosys Campus Connect partner

Infrastructure:

Situated at Thrissur, the cultural capital of Kerala

Over 30 acres of aesthetically landscaped campus providing a sere ambience

Architectural excellence for the built-up floor area.

Multi-purpose auditorium

Solar power plant / Bio-gas plant / UPS

Sub-station & generator

Rain-water harvesting

- Library with over 16,000 books

- Subscription to international electronic journals

- Well equipped computer Labs with internet access

- ERP with online payment, Wi-fi connectivity

- College provides over Rs. 1 crore in scholarships to deserving students

- 1500 seat air conditioned auditorium

- Separate in-campus hostel provided for men and women with spacious and well-furnished rooms

- Well equipped laboratories

- Bank

- College provided transport from various locations

- NSS

- Entrepreneurship Development Club

- Sports & Games

- Rotract Club / Green Club

- Research & Development Cell

- Vidya Student Support Cell

- Energy Conservation Cell

- Vidya Talent Center

- Music club

- Common computer center

- Hostel block

- Cafeteria, canteen with 150+ seat

- Gymnasium

- Football ground / Basketball etc.

- Spoken and Written Language Skills

- Aptitude Building Skills

- Soft Skills
  - Attitude and Confidence building, communication and team building skills, presentation skills and interview facing skills, etc.

- Motivational talks by industry experts

- Skill development courses through CCE

- Awareness session about GATE / CAT / MAT

At Vidya Academy of Science and Technology a lot of emphasis is being given to the overall development of the students through a regimen of co-curricular activities.

During the second and third year, each week, two periods are exclusively devoted for activities covering various areas of self development.

Branch wise skill development courses to equip the students to be industry required are organized through the Center for Continuing Education.

Progress Through Education

I am Adhul. K - B. Tech Mechanical engineer (2015-2019 batch). I was placed with ACE NDT &SHIP INSPECTION SERVICES PVT LTD which I have joined on 16th February 2020 as a PROJECT ENGINEER. Now I have completed 2.5 years in this field. I feeling happy and proud to be part of this company. We are now doing ballast water treatment system installation in ships. My duty is to design the system. I got opportunity to work as a team and also to lead individual projects. Management support and colleague support is appreciable. I'm glad that I got the chance to use and share theoretical, analytical, and technical knowledge that I earned during my engineering days.

It's been a wonderful journey so far. Can't say that I've had my fair share of ups and downs. I was placed through our placement cell at Vidya to a company called Exacore IT Solutions Pvt. Ltd. Since I had some back papers I couldn't attend most of the placements. But then, Paul sir at the placement cell told me that if you stay here for the said period of time you'll definitely be successful. I was sceptical at first even after I joined there. As there was a service agreement of 2.5 years! One of the lowest paying placements as well. My first salary was 5000 rupees per month. But the exposure it gave me as a professional was immense. I wouldn't do it any other way.
Right now I'm working remotely for a company in Pune. Dare I say now I'm earning more than 13 times the amount. All thanks to the placement cell of Vidya for giving the perfect start as an engineer and as a professional in this big corporate world.

E Nithish Neelakandan. I completed B.Tech Mechanical in 2019 and got placement in IBS Software Private Limited after pass out. Since then I have been working in this company for past 3 years. I am currently working as a App developer in Flutter technology.

I would like to thank my college and placement faculty members for supporting me in my engineering days as result of which I was able to complete my graduation with good marks and was able to get placed in a reputed company.

Once again thank you for all support and guidance.
