Annual Report for the period April 2025 to March 2026:

The academic year April 2025 to March 2026 has been eye opener from the training and placement perspective. With advent of Artificial Intelligence (AI) and related technologies the market dynamics have changed both at the corporate policy making level and in the skills being demanded.

Vidya Academy of Science and Technology, Thrissur, partook in the placement drives of leading Tier I tech companies like IBM, TCS, Infosys, Tata Electronics, etc. Core branch students have participated in the placement process of leading companies like Apollo Tyres, Ashok Leyland, Brakes India, RDC Concrete, Sobha Developers, etc.

Industry is undergoing drastic changes with the adoption of newer technologies. The placement season is in progress and several recruitment processes are in various stages of progress, the results of which are expected to be declared shortly. The placement drives for the core engineering companies which have seen an uptick would continue for the next couple months. Students are placed with structural design and detailing companies like ACERO, VARNA Group, AVA Detailing, etc.

The current job market is moving in the direction of skill-based recruitment covering areas like design skills, use of CAD tools, programming skills, social media, data analytics, AI/ML, etc. with an affinity for modern technologies. Thus, a lot of emphasis is now being given to hands-on competitive computer programming skills. Students are also expected to appreciate multi-disciplinary skills. On the campus skill upgradation program are provided at the department level, and specific training like EY GDS Edunet Foundation's Full Stack training, Oracle Academy certifications, Infosys Springboard certifications and Internships are also provided.

At the campus, students are being provided with adequate skill courses covering both technical, aptitude, language skills, and soft skills. These orientations are instrumental in preparing the students towards meeting the expectations from the modern job market. For the 2026 graduating batch the placement figure currently stands at 171 offers. The final year students are still at the campus and their placement season is expected to go on for another three to four months.
