Annual Report

I have the immense pleasure of placing the Annual Report (2024-25) of the Association of Vidya Alumni before its esteemed members

Executive Committee of AVA (2024-25)

Dr. Sunitha C	- President
Mr. Peeyush K P	- Vice President
Mr. Ajin Aravind	- Vice President
Ms. Fetsy K Francis	-- Secretary
Mr. Naveen T P	- Joint Secretary
Ms. Chithra M	- Treasurer
10 other executive members	

Activities of AVA

AVA has been actively expanding its reach and spreading its activities globally. As part of this effort, a core committee has been formed comprising two members each from alumni working at the college, the UAE chapter, and other sub-chapters worldwide. Notably, three alumni chapters were started last year in the UAE, Qatar, and Canada. Discussions are currently underway to register chapters in Bangalore and Germany, further strengthening our global presence.

A WhatsApp group has been created for core committee members and the Executive Council to share and discuss activities and information. Another WhatsApp group has been formed for alumni members working at the college to coordinate support for our alma mater and to meet the needs of our younger brothers and sisters.

The Executive Committee and Core Committee members have met four times via electronic media (WhatsApp) to discuss AVA activities, including website development, database management, and the alumni meet.

We had the pleasure of conducting reunions for the 2007 and 2014 batches last year. These were memorable events during which the batches planted trees on our campus, leaving a lasting legacy of their reunion.

Our alumni have been actively engaging with the college, with over 40 alumni interactions conducted to provide valuable insights and guidance to our students.

Our alumni website has witnessed significant growth, with over 9,000 registrations to date.

Scholarships Distributed

After AVA registration, scholarship applications were invited from Vidya students. CE Alumni Scholarships and AVEA Scholarships were introduced, along with the ROOTS Scholarship scheme. The Executive Committee screened the applications based on academic performance, family income, and parents' occupations. Twenty-five deserving students were awarded the prestigious alumni scholarships, empowering them to achieve their educational dreams.

Proposals before AVA

Proposals before AVA:

□ Setting up a robotics laboratory on the college campus to conduct various lab sessions effectively.

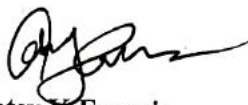

□ Enhancing and supporting VAST entrepreneurs

The Executive Committee would like to thank the management, staff, and all VAST members for their support. We wish all members an enlightened and prosperous year ahead and the best for scaling AVA to greater heights.

Thank you for hearing this Annual Report. Please place it before the prestigious members for approval.
