All the feedback values are in 5 point scale. The values are all above 70% and attainment is satisfactory. Still there is scope for improvement.

## Comments

All students are satisfied with the vision, mission and PSOs of the department.  
 Many of the students suggested to have an additional course in BIM  
 The feed backs on common services and infrastructure facilities are found satisfactory

### **ACTION TAKEN REPORT ON FEEDBACK ANALYSIS**

**(ACADEMIC YEAR 2018-2019)**

The institution actively seeks feedback from all stakeholders, (students, parents, employers, alumni). Upon gathering this feedback, it undergoes categorization and department-specific analysis. Subsequently, the analyzed feedback is compiled and presented to the institution head. As per the analysis report, the principal proceeds to undertake suitable actions to resolve identified issues and concerns.

The following actions were recommended on the feedback given by the students, parents, alumni and employers:-

1. Many stakeholders emphasized the significance of offering value-added courses to enhance students' employability. Consequently, various courses are provided to students based on the requirements of their respective departments.
2. Parents and students have voiced their concerns regarding on-campus placements for non-circuit branches such as civil and mechanical engineering. The placement cell has addressed this issue, resulting in several core companies now selecting students from non-circuit branches as well.
3. Students are introduced to startups through the Innovation and Entrepreneurship Development Cell (IEDC), which plays a pivotal role in enhancing their teamwork, communication, and management skills.
4. To enhance students' social commitment, they are encouraged to participate in NSS activities, providing them exposure to a wide range of initiatives and engagements

Respected Sir/Ma'am,

Subject: Submission of Feedback Analysis from Stakeholders for the academic year 2018-19

As part of our ongoing efforts to improve the quality of education and services provided by our institution, we have conducted a comprehensive feedback analysis from various stakeholders, including students, faculty, alumni, and industry partners. I am writing to present the findings and insights gathered from this analysis for your review and consideration. Please refer the report attached with this letter

Thank you for considering this feedback analysis. We look forward to your guidance and support in taking these initiatives forward.

Sincerely,
